

America's Waking Up... Fireburndoctor on TV -- Friday night

WE'RE ON THE AIR AGAIN !

Fireburndoctor will be featured on the webcast public access TV show "All Day Live," Friday, December 4, at 10:00 PM, Pacific Standard Time.

THE PROOF IS OUT... OUR SYSTEM WORKS

From California to Alabama, shocked but grateful Americans on Thanksgiving weekend called back to fireburndoctor at **1-818-332-6445** to tell what happened after he took care of their burns. "How did you guys do that!" "That's really cool!" "The pain's completely gone... in minutes!" "All the redness is going away!" "How did you do this?!"

NO PAIN, NO GRAFTING, NO SCARRING. No risk, no placebo, and it's FREE. Two year old baby and 7 year old boy didn't even know their parents called for help... and got it. The children just stopped crying, that's all -- and went back to play. The parents promised to spread the word... and they are.

YOU CAN HELP! We need people to call in SEVERE burn cases

Who do you know who are reporters, journalists, fire chasers, filmmakers, paparazzi. In order to catch the astounding results of severe fire burn tests on film, we are going to need a lot of reporters on standby, in as many places as possible. These are the people who will get to film/ report/ witness the phenomenal INSTANT RECOVERY of burn victims in their area, even the most serious third-degree burns.

Who do you know who are fire fighters, paramedics, police, trauma workers, the first ones on the scene when people get burned? What about MOTHERS -- all the mothers in the world are the first to know when their children are burned -- and children make up 75% of burn victims in the US!

Tell the people who network with social media -- facebook, twittering, blogging, forums and websites, etc. -- that they can help a lot. Ask them to post the FireBurnDoctor information on their sites and reach MILLIONS OF MOTHERS BY MONDAY.

STICK THE PHONE NUMBER EVERYWHERE: **1-818-332-6445, fireburndoctor** -- in your cell phones, on your refrigerator door, in the car, on backpacks, websites and all the places where you'll see it first in an emergency. STOP the effects of burns now. Make sure that your family and friends have the fireburndoctor number, **1-818-332-6445** posted everywhere! and that they are telling all their people to do the same. Remember the website www.fireburndoctor.com. Mention it to everyone you know, whether they like it or not. When they're burned... and they call fireburndoctor within 30 minutes of the burn, they'll be grateful too, just like Trailblazer Dale:

In the kitchen on Thanksgiving day, just ready to sit down with his family for the great turkey feast, Dale dished out the boiling hot gravy directly from the burner onto his mountain of mashed potatoes... and missed! The gravy poured onto his hand, his paper plate buckled and it was all he could do to keep his dinner from crashing to the floor. Hollering that the pain was making him sick, he remembered he had the Fireburndoctor number in his cell phone. He called within minutes of being burned and got instant results. By the time the Fireburndoctor Team called him back a few minutes later, his pain level had already dropped from an 8 or 9 -- on a scale of 1 -10 -- to a 1, and the redness was already going away. He was the first to say, "How'd you guys do that!" Read Dale's story on www.fireburndoctor.com under Burn Case Reports.

HOW DOES IT WORK?

In a national radio interview on Coast to Coast on November 21st, former nurse Alison McDermott explained the practical protocol of this ancient science and advanced technology and told listeners exactly what to do in case of burns: Call or email fireburndoctor@aol.com, **1-818-332-6445**. Leave the TIME of the burn, and the victim's NAME at birth, DATE at birth, PLACE of birth and, if possible, send a photograph of the PERSON, plus one of the burned area.

Immediately after this show, dozens of calls came in. Some were burn cases, some wanted to learn to do it, some had other health crises and some just wanted to help. Thirty-six people called Fireburndoctor for help over Thanksgiving weekend alone. All with minor burns... but it works precisely the same for the severe third-degree burns that will flood in once the word spreads worldwide. See these amazing [follow-up reports](#) and keep checking the website for updates.
